About the Course Instructor:

Inspired by Swami Chinmayananda's upanishadh sessions and geetha gyaana yagnas, Kumar Padmini's journey to acquire and practice vedhaanthic insights started in the early eighties. Later, Kumar strengthened his vedhaanthic convictions under distinguished gurus of Arsha Vidhya Gurukulam. He has created a curriculum of courses that offers tried, tested, and proven vedhaanthic tools for an ardent spiritual seeker's 'Divinity Tool Box'. With missionary zeal and compelling conviction, Kumar promotes the gradual practice of 'yoga jeevana' by using the Divinity Tool Box. yoga jeevana enhances the 'Joy Quotient' of a person for a stress-free life and living in the highly competitive fast-paced Silicon Valley environment. He specializes in relating vedhaanthic principles with modern scientific concepts that include The Big Bang Theory, Neuroplasticity, and Consciousness Studies. This makes his vedhic heritage sessions compelling to even young minds (18 years and older). Kumar Padmini is a resident of Bay Area and technology professional for over 45 years.

Experience of Spiritual Seekers Who Have Attended Kumar Padmini's Courses

"I have been attending Sri Kumar ji's Vedanta class for the last few weeks. The classes I have attended on Purushasookta, Pooja Vidhi and the Bhagavad Gita, have been exceptional. His knowledge of Sanskrit and Scriptures, and his explanations and discussions, relating to our immediate environment is inspiring. He inspires others to be teachers by pouring out his heart and soul as a teacher."

"In recent times Hinduism has given to this world, Yoga, Bhakti-iskcon, gnana : mathematics and computer science, without external assistance. Yet, we have been attacked by ungrateful, ignorant cultures and religions. It is therefore essential that we promote Sri Kumar ji and others like him, as a teacher's- teacher, to survive as respected Hindus."

"- The course content is aptly designed for attendees to get a strong footing in understanding pure consciousness and connectivity that we can make
- It has highlighted the necessity for us to have 'our own time' in our busy schedules - to compose, reflect and conduct ourselves more meaningful in our lives
- I personally benefited from the 'treasure tools' that our veda has left for us to nourish and seek clarity"

"What did I take away? - Deity is a human formed imagination. The imagination is infinite and has several forms to it and hence there are so many forms of god and religions people created based on the history of years and how it has evolved. Deity may be needed for the mind to focus for some of them. Pooja Vidhi and Purusha sooktha is a mind cleansing exercise. I learnt how to focus while performing these mantras and the steps/ meaning of those while i perform."
