**Livermore CA 94551**

### **What is Chronic Kidney Disease?**

**Chronic kidney disease (CKD) is irreversible damage to the kidneys that occurs over several months or years, leading to kidney failure. Symptoms do not appear until later stages of CKD, but early detection and treatment can prevent further damage.**

**❖ Shiva-Vishnu Temple Office at 925-449-6255**

These tests will be performed to determine if you are at risk for Kidney disease. The doctors will read your test results and talk to you and offer their consultation.

This is just an advisory and consultation session. It does not replace treatment or treatment plan.

This service is provided by doctors who volunteer their time. While all efforts are being made to ensure that they are run in time, it could be cancelled at a moment's notice due to unforeseen circumstances. Thank you for understanding.

Note: Please do not park in the neighborhood streets when you visit the temple
